**TO WHOMSOEVER IT MAY CONCERN**

DIAT (DU) has proposed following formulae for the conversion from CGPA to Percentage of Marks and vice versa.

**Formula for CGPA to Percentage Conversion:**

CGPA	Equivalent Percentage of marks
CGPA $\geq$ 5.75	$(\text{CGPA} - 0.75) \times 10$
CGPA $<$ 5.75	50

**Formula for Percentage to CGPA Conversion:**

Percentage of Marks	Equivalent CGPA
Percentage $\geq$ 57.50	$\text{Percentage} / 10 + 0.75$
Percentage $<$ 57.50	5.00

Note: Conversion certificate will not be issued by the Institute to individual student.  
Students may download the conversion formulae from the Institute website.
